SCHOOL BOARD ANGRY

The Christian Endeavor Society is Lacking in Respect.

SO SAY SOME OF THE DIRECTORS

The "Bible in the School" Question Was the Topic Last Night—Some of the Teachers Declare They Will Read the Book of Books—What Will the Harvest Be?—The East End Trouble—The Heat Question.

The board of education met last night, and the session which followed was one of the stormiest and most exciting that has marked the existence of the board. A communication was received from the Christian Endeavor society of the United Presbyterian church, characterizing the board, in regard to the prohibiting of the reading of the Bible in the schools as dishonoring God and his sacred word. The contents of the missive aroused the ire of several members of the board, and they expressed themselves in no uncertain manner. Communications from Jason H. Brookes and the Smead Heating and Ventilating company were also received. Messrs. Smith, Owen, Taylor and Nellis and Mrs. Whitehead were present, as were Superintendent Sanor and two of the school teachers, Miss Florence Jessop and Miss Little. Member Golding is out of town.

President Smith called the meeting to order and the clerk read the minutes of the last meeting. They were approved as read. The next business taken up was the disposition of bills. Following are the bills: Andy Ratray, \$5.60; Greenwood School Supply company, \$10.50; William H. Kenny, \$71.74; Thompson Electric company, \$583. These bills were all ordered paid without very much discussion.

The bill of the Thompson electric company brought forth some talk. Mr. Taylor thought that somebody should examine it and see if it was correct. Mr. Nellis then stated that the system was in good working order, and on the strength of this information Mr. Taylor said the bill should be paid; a motion to that effect was made and it carried. Miss Little then arose and stated that she and Miss Jessop had received instructions some time since that they should discontinue the reading of the Bible in the public schools. They had disobeyed this order and felt it their duty to inform the board. Mr. Smith asked if they had consulted with Superintendent Sanor in regard to this matter. They said that they had, and that they did not care to enter into a lengthy discussion of the matter before the board. Nellis stated that, in his opinion, the teachers were supposed to act under instructions from the superintendent, and if they had any grievance to ventilate it should be placed in writing, and come before the board's notice through the superintendent. Members Taylor and Smith also agreed that it would be proper to follow out that plan. Mrs. Whitehead stated that perhaps it would be better if the teachers would place their report in writing and give it to Mr. Sanor. Mr. Sanor arose and stated that he had advised the teachers not to appear before the board in person. "I admit that they have a right to complain, if they so desire, but the proper course for them to pursue is to make a report out in writing and bring it before the notice of the board through the proper channel." The teachers then arose, bade all good night and left. The clerk then read a communication from the Smead Heating and Ventilating company, which had been handed in by their representative, W. T. Clafin, who had dropped in the room previously. The resolution was as follows:

Gentlemen:—We have installed in your central building apparatus sufficient to heat it, provided the building itself was reasonably TIGHT. By this we mean that the outside air finds access to space under floors, and that nearly all the window frames and casings are so constructed as to admit a large quantity of air. The first difficulty it is now impossible to remedy. The second can be remedied at a moderate expense. We will always have the first named difficulty to contend with, and it will require additional apparatus to overcome it.

We hereby propose that if your board will tighten the window frames and casings to our satisfaction, and will do the necessary brick and carpenter work, incident to setting of additional apparatus, we will furnish and set in position three additional furnaces, and two school room heaters, without charge. Said work to be done at once.

The system of ducts recently put in by us affords good ventilation in every

room. The closets are working to perfection. It remains to heat the building in spite of its loose construction. Respectfully submitted,

S. D. SMEAD HEATING CO.

By W. T. CLAFIN, Sup't.

Mr. Taylor said: "We have a contract with the Smead company that calls for perfect working order of the heating and ventilating system, and I don't think that the board should be asked to go to any further expense in putting in additional furnaces to remedy the defective system." Mr. Smith coincided with Mr. Taylor in his view of the question, and then, to make clear the position of the board, the plans and specifications in the contract were read. Mr. Smith claimed the contract called for this work. Mr. Taylor wanted to know, if the furnaces were put in would it do any good.

Mr. Smith—The contract will hold good; when we awarded the contract to the Smead company, we did so on the strength of the reputation that they had. We sent for men to come here and remedy the defect in the apparatus, and, if they were neglectful and did not attend to the work properly, it is not our fault and the board should not be put to, to further expense.

Taylor—The school has been subjected to enough inconvenience lately over the matter. Mr. Smith ventured to say that the board had a very hard and stormy road to travel, with the abuse and condemnation that some of the parents were heaping upon them. "We spent two months looking over the building before we decided to give the contract to Smead," said Mr. Taylor. "If the building had been an old one there would have been some excuse for this condition of affairs. If there is a failure to keep the contract on the part of the company, then we can claim damages." It was then decided not to go to any additional expense, and a motion was made, that prevailed, to decline any further attention to this special matter. Then came the sensation of the evening, a red hot roast from the Young People's Society of Christian Endeavor, of the United Presbyterian church, vigorously denouncing the action of the board in throwing out the Bible from the public schools, and warmly commanding Mrs. Whitehead for the decided stand that she had taken on this question. Appended is the communication:

The following action was taken by the Christian Endeavor society, First United Presbyterian church, February 23, 1896:

The good citizenship committee of the Young People's Society of Christian Endeavor, of the First United Presbyterian church, would respectfully submit the following, and recommend the adoption of the same by our society:

Whereas, the school board of our city have seen fit, by the action of a majority of its members, to prohibit the reading of the Bible in our public schools; and

Whereas, they have dishonored God and His sacred Word, and misrepresented our Christian civilization by placing the holy scriptures on a parity with the literature of the heathen religions of the world, therefore be it

Resolved, that as a society of Christian Endeavorers, we hereby protest against the position taken by our board, as misrepresenting our Christian religion.

Second, that we respectfully request our Board of Education to reconsider the above action, and remove the stigma they have placed on the Bible and the Christian religion.

Third—That we most heartily approve the stand taken by Mrs. Whitehead, the lady member of the board, in voting against said action.

Fourth—That we extend our warmest sympathy to the teachers who insist upon their right to read the Bible in the school of our city.

That as citizens we will use every right means in our power to secure the election of members of the school board who will, if elected, honor God's written word.

Fifth—That this be placed on record by the society and a copy placed in the hands of the board of education.

Respectfully submitted,

CHRISTIAN ENDEAVOR SOCIETY

FIRST U. P. CHURCH.

To say that the communication created a perfect storm of upheaval expressing it in a tame manner. When the members recovered their composure, Mr. Smith blandly asked what action should be taken in regard to this interesting epistle. Mr. Taylor, almost choking with indignation, vehemently replied, "I move that no action be taken; some of the language in that communication is not respectable. I take it for granted, from the action that they have taken, that they consider that the board are a set of heathen, who would rather worship mammon than God. The

idea! it is preposterous. Mrs. Whitehead said: "I do not consider the board as a set of heathen, and I think that the paper is a good one." Mr. Owen then declared himself. He said: "I think that these people are lamentably ignorant of the true situation or else they have been sadly misinformed. Someone should tell them of their mistake."

Mr. Taylor—I would like to see a communication couched in decent language, and then we would give it consideration.

Mrs. Whitehead was the only member of the board apparently who looked with any degree of favor upon the paper, and she stated that she would like to see a copy of the petition placed upon the minutes. "I don't think, Mr. Taylor, they meant to be disrespectful."

Mr. Taylor, sarcastically—Then they have a most peculiar way of expressing themselves. [Laughter.] The petition is a misrepresentation of the facts, and is either disrespectful or caused by ignorance.

Mr. Nellis meekly added that some examination into this affair might be advisable. Mrs. Whitehead returned that there had been some examination given this matter—very close examination.

The lady member of the board then made a motion that the report be received, but not being seconded it did not pass. By this time the board had cooled down sufficiently to proceed with the next business. Then came a letter from Jason H. Brookes, attorney for the parents of the East End school children, who, it is claimed, were denied certain privileges by the teachers in that school, that were absolutely essential for the health of the children. Accompanying the letter were affidavits in substantiation of the charges made. In the attorney's letter, it will be observed that Superintendent Sanor is severely censured, and accused of giving these matters insufficient attention, and indirectly infers the Superintendent is biased. The affidavits are withheld from the public until a thorough investigation of the contents is made. Mr. Smith thought that Mr. Brookes should be present when this matter was being discussed, lest some exceptions be taken to the action of the board. Following is the letter:

"EAST LIVERPOOL, O., Feb. 15.
To the Honorable, the Board of Education:

"GENTLEMEN—Herewith please find the affidavits of a number of citizens of East End, relative to certain irregularities in the management and regulation of the schools in that part of town, claimed to exist. If these complaints are true, a condition of affairs exists in that part of your jurisdiction that calls for, and will, I feel sure, receive your earnest attention and immediate correction. My clients feel that the report of Superintendent Sanor about these things has not been full, complete and entirely free from bias; and the variance between what he says and the contents of the enclosed affidavits would seem to suggest that their claim is not entirely unfounded.

"On behalf of the citizens so vitally interested, I therefore ask that a thorough and searching investigation of the charges be made by your honorable body, or a committee appointed therefrom, and that we be notified of your time of meeting for this purpose and be permitted to appear before you and present evidence in support of the charges made.

"Will you kindly advise me of what action may be taken in this matter and oblige, Yours, very truly,

J. H. BROOKES."

Mr. Taylor deemed that the matter should be put off until the next meeting night, and Mr. Brookes to be present when the board looked into the matter. He then made a motion to that effect.

Mr. Smith—I think that Mr. Brookes requested that a committee be appointed to make an investigation of the affidavits submitted.

Mr. Sanor then seized the opportunity to vindicate himself, and explained to the board what attention he had given the welfare of the scholars. He said: "What is a superintendent? I received two reports; one from Mr. Baird, calling my attention to the condition of his child. I made an investigation at once. Miss Moore came to my office that evening and I talked the matter over with her. In a few days after that, Baird called at my office during my absence. He left word with Janitor Albright that he had been here. I told Miss Moore to tell Miss Griggs to give this matter attention. In a few days I received another letter from Baird, stating that he had sent to me a certificate of his child's condition. I did not receive it, although the teachers of the

East End school say that it was sent to school up there. I heard that the little girl had taken a vacation of two weeks some time ago, and when she returned she was taken ill. What I want to know is, should the board listen to communications coming from outside parties. Three members of the board of health made a call on me one day in reference to this matter, and I told them that I would not pay any attention to reports that were ventilated through the columns of the newspapers. These reports should come direct to me."

Mr. Taylor moved that the papers received from Mr. Brookes be referred to Mr. Sanor for investigation, and that the attorney be requested to be present at the next session of the board. The motion prevailed. This ended the discussion for the evening on the East End school question.

Next, remarks were made on the course of study drawn up by Professor Sanor, to be adopted if sanctioned by the board. Mr. Taylor remarked that if he was the superintendent he would hold responsible some of the scholars that had made such derogatory statements. It was then decided to postpone the reading of the superintendent's report until next meeting night.

Then Mr. Clafin, the representative of the Smead company, who had sat quietly all through the meeting, as gentle and docile as a lamb, presumably trying to form some vigorous remonstrance against the action of the board in regard to the turning down that was given the company that employs him, arose and, with an assumed air of boldness, at this late stage of the game, said: "Mr. President, our company has made a proposition in perfect good faith to furnish \$1800.00 worth of additional apparatus to overcome a difficulty which we claim was not our fault. Am I to understand that the board will not assist in any way toward defraying the additional expense incurred. Mr. Smith made reply; the proposition includes an offer to furnish that apparatus.

Mr. Taylor—If your company did not put in sufficient machinery, we have an iron clad contract that will compel them to do as agreed.

Mr. Clafin—Then your refusal of accepting—

"We did not refuse anything", broke in President Smith, who was becoming impatient.

Mr. Taylor stated that the board refused to be put to any more expense over this affair.

The Smead man then wished to know if the board would tighten around the windows. He was told if he could make it clear that such a course was required to be done and that the board were entitled to do that work, it would be ordered done. Then came some discussion on the drafts of the furnaces. Mr. Clafin said that the building was well ventilated, in response to Nellis, who maintained to the contrary. He said that he had been informed by the teachers, who complained of the scholars having cold feet, and at the same time the temperature was warm, a very dangerous condition for the health of the children. Clafin thought that the air might come up through the floor, but this theory was quickly set aside when it was known that strong paper is placed between the floors, which are doubled to prevent any passage of air coming through. After a few general remarks a motion to adjourn was made, and one of the most remarkable sessions ever held was brought to a close.

A certain man and wife residing on Broadway occasionally have domestic trouble of their own. The other day the periodical display of touching affection for each other became aroused and the wife, who is the boss in this case, ignorantly fired the turbulent husband from the house. MT. PISGAH'S PROPHET

Denounces the Attempt to Increase Official Salaries.

SAYS THEY ARE NOW TOO HIGH

D. J. Smith Gives Facts and Figures as to the Bushels of Potatoes or Wheat Required to Pay Off Certain Officials Annually.

MOUNT PISGAH, Feb. 22, 1896.—The farmer's clubs and organizations of Columbiana county, and throughout the state of Ohio, should now speak out with one accord and call a halt upon our representatives, and try to restrain them in their unwise course. Not only in reference to the defeating of restraining laws sought to be passed to restrain the vicious, but in their legislation to increase the burdens of the laboring and producing classes, as they are already overburdened under the changed conditions, brought on by the unwise leaders of the Democratic party, through national legislation, depressing our industries and causing low wages and small margins in business. No person save one devoid of understanding or himself a knave, would think, under the present condition of our already overtaxed and oppressed people, of increasing the pay of any of our salaried officers. But if any legislation was ever needed by a tax-riden people, it is now, in the reduction of our over-paid salaried public servants.

Who is asking for the increase of the salary of our judges of the ninth judicial district, composed of Carroll, Columbiana and Stark counties, that Ashford should introduce a bill to increase the salary, which is now two thousand five hundred dollars, to that of four thousand per annum? Is it the farmers and laboring men that are asking it to be done, or the manufacturers and merchants? Think of it, fellow farmers, laborers and producers of wealth.

If the judges of common pleas court were paid in the products of our farms; if in wheat, it would take, at present prices, four thousand bushels; in potatoes, eight thousand bushels; or if in wool, seventeen thousand pounds. More wool than, since the crusade of the Democratic party against American wool, can be found in any one township in the county, to pay the present two thousand five hundred salary. And should it be increased to four thousand, as proposed by the Ashford bill, it would take of wheat six thousand bushels; of potatoes, ten thousand bushels; and of wool, seventy-six thousand pounds, or one-tenth of the entire wool crop of the county this year. And then think of the other state and county officials still being paid the high, war inflated prices for their time, and not much labor. And think of the low prices for the products of the farm, factory mills and mines and small margins of profits in business, and low wages of the wage worker in all branches of industries. Is it not time for the common sense people to call a halt on the increase of salaried officers and of increased pay? Who is asking this increase? It is the non-producers of wealth. We have about 75 so-called attorneys in this county, and in fact have about 10, not more than 12, good lawyers. But we found, when the position was about to be vacated by Billingsley a few weeks ago, quite a number were ready to scramble for the position at the present salary. No person will object if the present incumbent is dissatisfied

Mr. Taylor stated that the board refused to be put to any more expense over this affair.

The Smead man then wished to know if the board would tighten around the windows. He was told if he could make it clear that such a course was required to be done and that the board were entitled to do that work, it would be ordered done. Then came some discussion on the drafts of the furnaces. Mr. Claffin said that the building was well ventilated, in response to Nellis, who maintained to the contrary. He said that he had been informed by the teachers, who complained of the scholars having cold feet, and at the same time the temperature was warm, a very dangerous condition for the health of the children. Claffin thought that the air might come up through the floor, but this theory was quickly set aside when it is known that strong paper is placed between the floors, which are doubled to prevent any passage of air coming through. After a few general remarks a motion to adjourn was made, and one of the most remarkable sessions ever held was brought to a close.

WITHDRAWS.

Require J. N. Rose Will not be a Candidate.

Enquire J. N. Rose called at the NEWS REVIEW office this morning and stated that he has withdrawn his name from the contest, and will not be a candidate for the position of councilman in the Second ward. He believes that he is eligible, and believes that the law would back him up in this belief, but does not desire to enter into any controversy or have any trouble over the matter, as he had entered the field at the request of numerous voters in the ward in question, with the idea of advancing the best interests of East Liverpool.

FOOD FOR GOSSIP.

Husband and Wife Have an Interesting Domestic Debate.

A certain man and wife residing on Broadway occasionally have domestic trouble of their own. The other day the periodical display of touching affection for each other became aroused and the wife, who is the boss in this case, ignorantly fired the turbulent husband from the house. He protested vainly against this treatment, but the wife was obdurate, and refused to permit him to return. The next day she left the city and vowed that she will never live with her better half again.

Dr. Howard Sloane had a valuable spaniel dog poisoned yesterday.

From LISBON.

LISBON, Feb. 25.—Court opened this morning, and the case of John Detwiler to recover \$10,000, from William Stewart and Matthias Walter, for the loss of an arm, was called. The defendants own and operate a saw mill at Long's crossing, where the plaintiff was employed last March, and where, in attempting to remove a chain which had fallen from its place, he was thrown against a buzz saw and his right arm taken off.

A marriage license was issued to Charles W. Pilgrim and Maud Buchheit.

Plead guilty.

Mrs. Rigot appeared this morning and plead guilty to the charge against her husband for selling on Sunday. The mayor assessed a fine of \$25 and costs, which was paid.

EAST LIVERPOOL, O. TUESDAY, FEB. 25.

For President, WILLIAM MCKINLEY, Of Ohio.

THE BIBLE.

It teaches honesty.

IT advocates purity of life.

It promulgates the golden rule.

It teaches children to obey their parents.

It advocates the right all the time and condemns the wrong.

AND IT IS THE SAME BIBLE WHICH THE SCHOOL BOARD THINKS IT UNWISE TO READ IN OUR PUBLIC SCHOOLS. STRANGE, IS IT NOT?

THE POLITICAL THERMOMETER IS RISING.

NUMEROUS CANDIDATES WILL BE DOOMED TO DISAPPOINTMENT.

THE PROHIBITS bob up serenely once more. Rumor already has it that the ticket is simply an adjunct to the Democracy.

READ THE COMMUNICANT OF THE PROPHET OF MOUNT PISGAH IN TODAY'S ISSUE OF THE NEWS REVIEW. D. J. SMITH, IN COMMON WITH A HOST OF TAXPAYERS, DOES NOT ADMIRE REPRESENTATIVE ASHFORD'S BILL FOR AN INCREASE IN SALARY OF CERTAIN OFFICIALS.

ANYTHING TO BEAT MCKINLEY.

THIS IS CERTAINLY THE WATCHWORD AND CRY OF MACHINE POLITICIANS THROUGHOUT THE LAND. MCKINLEY IS LOVED AND HONORED BY THE MASSES—LOVED BECAUSE OF HIS DESIRE THAT HOME AND HOME INDUSTRIES SHALL THRIVE, AND THUS FURNISH EMPLOYMENT, AT GOOD WAGES, TO MEN AND WOMEN WHO WOULD OTHERWISE BE IDLE AND IN SUFFERING AND WANT. HONORED FOR HIS LOYALTY AND BRAVERY IN TIMES THAT TRIED MEN'S SOULS, AND FOR HIS STATESMANSHIP AND BREADTH OF CHARACTER. YES, MCKINLEY IS LOVED BY THE PEOPLE OF THIS GREAT NATION, AND PRESIDENTIAL ASPIRANTS ARE WELL AWARE OF THE FACT AND ARE ECHOING THE CRY THAT MCKINLEY IS THE MAN AGAINST WHOM THEY MUST COMBINE.

THE LIGHT PLANT.

SHALL EAST LIVERPOOL CONTROL ITS OWN LIGHT PLANT? WILL IT BE TRUE ECONOMY? STATEMENTS AND FIGURES HAVE BEEN GIVEN IN FAVOR OF THIS MEASURE. ARE THEY RELIABLE? DO THEY COME FROM THE RIGHT SOURCE? HOW ABOUT FIGURES FROM POINTS NEAR AT HAND? WHEELING, FOR INSTANCE. WILL THE PLANT OWNED BY THE CITY BE AN ADVANTAGE TO THE TAXPAYERS, MERCHANTS AND BUSINESS MEN IN GENERAL? LONG HEADED MEN, OF RIGHTEOUS EXPERIENCE, SHOULD BE GIVEN THE SUBJECT, AND IT SHOULD BE PROBED TO THE BOTTOM. IF THE OWNERSHIP OF A LIGHT PLANT ON THE PART OF EAST LIVERPOOL IS A GOOD MEASURE, LOOKING TO THE VERY BEST INTERESTS OF EAST LIVERPOOL, THEN SHOULD IT BE TURNED DOWN. WE, THE PEOPLE, WANT THE TRUE INWARDNESS OF THE MATTER. TURN ON THE LIGHT.

NO EXCUSE FOR CRIME.

THE MAUDLIN AND SICKLY SENSATIONALISM WHICH MAKES AN EXCUSE FOR THE COMMISSION OF CRIME, ON THE GROUND THAT THE PERPETRATOR THEREOF WAS UNDER THE INFLUENCE OF LIQUOR AT THE TIME THE CRIME WAS COMMITTED, RECEIVES NO COUNTENANCE IN WASHINGTON CITY, WHERE A TEST CASE WAS MADE BEFORE THE COURT OF APPEALS.

"WE HOLD EMPHATICALLY AS THE LAW OF THE DISTRICT OF COLUMBIA THAT VOLUNTARY INTOXICATION IS NEITHER AN EXCUSE NOR A PALLIATION FOR CRIME. VOLUNTARY INTOXICATION IS ITSELF A CRIME, AT LEAST IN MORALS, IF NOT ALWAYS IN LAW. IT IS ALWAYS AT LEAST A VICE. AND IT WOULD BE SUBVERSIVE OF ALL LAW AND ALL MORALS IF THE COMMISSION OF ONE VICE OR CRIME COULD BE PERMITTED TO

OPERATE AS AN EXCUSE OR PALLIATION FOR ANOTHER CRIME."

THE ABOVE IS QUOTED AS GOOD LAW BY ALL OF THE LEADING LIGHTS OF THE COUNTRY, AND THE DAY IS NOT FAR DISTANT WHEN NO ATTORNEY, DESIRING TO BE CALLED A LAWYER, WILL DARE ADVANCE SUCH A PLEA IN DEFENSE OF THE ACTIONS OF HIS CLIENT. THE LAW OF GOOD, SOUND COMMON SENSE IS FORGING TO THE FRONT.

NOMINATE THEM.

YES, AND BE CAREFUL TO NOMINATE TRUSTWORTHY MEN—MEN WHO WILL ENFORCE THE LAWS AND ORDINANCES CONTROLLING THE MUNICIPALITY. WE HAVE GOOD MATERIAL NOW IN THE FIELD, ON THE REPUBLICAN TICKET—MEN WHO KNOW THE RIGHT AND WHO WILL ENFORCE THE RIGHT AS GOD GIVES THEM TO SEE THE RIGHT. WE WANT NONE BUT GOOD AND TRUE MEN IN OFFICIAL POSITIONS IN EAST LIVERPOOL. THE BEST INTERESTS OF THE CITY DEMAND SUCH OFFICIALS. IT IS THE DUTY OF EVERY GOOD CITIZEN TO ATTEND THE PRIMARIES, TO BE HELD ON MARCH 21, AND SEE THAT THE PROPER MEN ARE NOMINATED. EVERY TRUE REPUBLICAN, LOVING HIS PARTY AND THE PARTY'S BEST INTERESTS, WILL BE ON DECK. YOU MUST BE WIDE AWAKE AND ALIVE TO THE INTERESTS OF THE PARTY, AS CUNNING POLITICIANS ARE EVEN NOW WORKING A COMBINATION TICKET. HE WHO RUNS MAY READ BETWEEN THE LINES. WATCH THE UNWASHED AND UNTERRIFIED. TRICKERY AND JOBBERY ARE ARTICLES THEY KEEP CONSTANTLY IN STOCK. TURN OUT AT THE PRIMARIES, NOMINATE CLEAN MEN FOR THE VARIOUS OFFICES, AND REPUBLICANISM WILL HAVE A CLEAN SWEEP IN THE CITY.

WILL GIVE CATHOLICS JUSTICE.

BUT MANITOBA'S PREMIER WANTS NO INTERFERENCE FROM OTTAWA.

WINNIPEG, Feb. 25.—PREMIER GREENWAY HAS GIVEN NOTICE IN THE MANITOBA LEGISLATURE THAT HE WILL MOVE THE HOUSE GO INTO A COMMITTEE TO ENTER FORMAL PROTESTATION OF COERCION OF THE OTTAWA GOVERNMENT IN RESPECT TO ROMAN CATHOLIC PAROCHIAL SCHOOLS. THE PREMIER DECLARED THAT THE REMEDIAL BILL AT OTTAWA WAS BEING FORCED THROUGH WITHOUT AN INQUIRY INTO THE FACTS AND HE FURTHER DECLARED THE MANITOBA GOVERNMENT WAS WILLING TO REMEDY ANYTHING THAT COULD BE SHOWN TO BEAR HARSHLY ON ROMAN CATHOLICS.

IT IS BELIEVED THE PREMIER'S MOTION PAVES THE WAY FOR ANNOUNCEMENT OF THE RESULT OF SIR DONALD A. SMITH'S MISSION TO WINNIPEG, AND EVERYBODY IS ON THE TIPTOE OF EXPECTANCY. THE PREMIER'S DECLARATION IS TAKEN TO MEAN THAT IF THE DOMINION AUTHORITIES DROP THEIR COERCION BILL HE WILL UNDERTAKE TO SETTLE THE DIFFICULTY HIMSELF.

AN EX-CITY TREASURER RE-INDICTED.

ST. LOUIS, Feb. 25.—EX-CITY TREASURER MICHAEL FOERSTER HAS BEEN RE-INDICTED BY THE GRAND JURY ON SEVEN COUNTS, CHARGING THE EMBEZZLEMENT OF \$63,000.

FIFTY DEATHS FROM YELLOW FEVER.

THE BILL PENSIONING THE WIDOW OF THE SECRETARY OF STATE PASSED.

THE SENATOR FROM THE UNITED STATES REVIEWED THE POLICY OF THE UNITED STATES REGARDING CUBA SINCE THE TIME OF PRESIDENT ADAMS.

THE SENATOR STATED THAT WITHIN 50 YEARS CUBA WOULD BE A STATE OF THE UNITED STATES, AND THEREAFTER WEBSTER, CLAY, CLAYTON AND OTHER STATEMEN UNIFORMLY RECOMMENDED THE ACQUISITION OF CUBA BY THE UNITED STATES.

MR. MORGAN SAID THE ATROCITIES OF THE SPANISH FORCES IN CONTROLLING THE CUBANS WERE ALMOST WITHOUT PARALLEL IN HISTORY.

IN THE LAST WAR NOT ONLY HAD 13,000 CUBANS BEEN KILLED IN BATTLE, BUT 44,000 PRISONERS HAD BEEN PUT TO DEATH. IT WAS A MOST SHOCKING HOLOCAUST.

THE SENATOR SAID HE HAD BEEN IN WONDERMENT TO THINK THAT THE UNITED STATES HAD STOOD SILENTLY BY AT THIS AWFUL SLAUGHTER OF 44,000 PRISONERS, INSTEAD OF MOVING SWORD IN HAND AND DRIVING THE SPANIARD FROM THE ISLAND.

THE PRESENT WAR SAID MR. MORGAN, WAS BUT A RENEWAL OF THE FORMER ONE. GENERAL GOMEZ HAD RETURNED TO HIS COMMAND AND CISNERO, THE INSURGENT PRESIDENT, RETURNED TO HIS TASK.

THE UNITED STATES COULD GO NO FURTHER IN ITS FORBIDNESS WITHOUT A STAIN ON ITS HONOR. IT WAS THE IMPERATIVE DUTY OF TODAY TO DECLARE A STATE OF WAR EXISTING.

For President, WILLIAM MCKINLEY, O. O.

THE BIBLE.

It teaches honesty.

It advocates purity of life.

It promulgates the golden rule.

It teaches children to obey their parents.

It advocates the right all the time and condemns the wrong.

AND it is the same Bible which the school board thinks it unwise to read in our public schools. Strange, is it not?

THE political thermometer is rising.

NUMEROUS candidates will be doomed to disappointment.

THE PROHIBS. bob up serenely once more. Rumor already has it that the ticket is simply an adjunct to the Democracy.

READ the communication of the Prophet of Mount Pisgah in today's issue of the NEWS REVIEW. D. J. Smith, in common with a host of taxpayers, does not admire Representative Ashford's bill for an increase in salary of certain officials.

ANYTHING TO BEAT MCKINLEY.

This is certainly the watchword and cry of machine politicians throughout the land. McKinley is loved and honored by the masses—loved because of his desire that home and home industries shall thrive, and thus furnish employment, at good wages, to men and women who would otherwise be idle and in suffering and want. Honored for his loyalty and bravery in times that tried men's souls, and for his statesmanship and breadth of character. Yes, McKinley is loved by the people of this great nation, and presidential aspirants are well aware of the fact and are echoing the cry that McKinley is the man against whom they must combine.

THE LIGHT PLANT.

Shall East Liverpool control its own light plant? Will it be true economy? Statements and figures have been given in favor of this measure. Are they reliable? Do they come from the right source? How about figures from points near at hand? Wheeling, for instance. Will the plant owned by the city be an advantage to the taxpayers, merchants and business men in general? Should be given the subject, and it should be probed to the bottom. If the ownership of a light plant on the part of East Liverpool is a good measure, looking to the very best interests of East Liverpool, then should the city own the plant. If it be not a good measure, and only intended for the advancement, in a pecuniary way, of a few individuals, then should it be turned down. We, the people, want the true inwardness of the matter. Turn on the light.

NO EXCUSE FOR CRIME.

The mauldin and sickly sensationalism which makes an excuse for the commission of crime, on the ground that the perpetrator thereof was under the influence of liquor at the time the crime was committed, receives no countenance in Washington city, where a test case was made before the court of appeals:

"We hold emphatically as the law of the District of Columbia that voluntary intoxication is neither an excuse nor palliation for crime. Voluntary intoxication is itself a crime, at least in morals, if not always in law. It is always at least a vice. And it would be subversive of all law and all morals if the commission of one vice or crime could be permitted to

operate as an excuse or palliation for another crime."

The above is quoted as good law by all of the leading lights of the country, and the day is not far distant when no attorney, desiring to be called a lawyer, will dare advance such a plea in defense of the actions of his client. The law of good, sound common sense is forging to the front.

NOMINATE THEM.

Yes, and be careful to nominate trustworthy men—men who will enforce the laws and ordinances controlling the municipality. We have good material now in the field, on the Republican ticket—men who know the right and who will enforce the right as God gives them to see the right. We want none but good and true men in official positions in East Liverpool. The best interests of the city demand such officials. It is the duty of every good citizen to attend the primaries, to be held on March 21, and see that the proper men are nominated. Every true Republican, loving his party and the party's best interests, will be on deck. You must be wide awake and alive to the interests of the party, as cunning politicians are even now working a combination ticket. He who runs may read between the lines. Watch the unwashed and untrified. Trickery and robbery are articles they keep constantly in stock. Turn out at the primaries, nominate clean men for the various offices, and Republicanism will have a clean sweep in the city.

WILL GIVE CATHOLICS JUSTICE.

But Manitoba's Premier Wants No Interference From Ottawa.

WINNIPEG, Feb. 25.—Premier Greenway has given notice in the Manitoba legislature that he will move the house go into a committee to enter formal protestation of coercion of the Ottawa government in respect to Roman Catholic parochial schools. The premier declared that the remedial bill at Ottawa was being forced through without an inquiry into the facts and he further declared the Manitoba government was willing to remedy anything that could be shown to bear harshly on Roman Catholics.

It is believed the premier's motion paves the way for announcement of the result of Sir Donald A. Smith's mission to Winnipeg, and everybody is on the tiptoe of expectancy. The premier's declaration is taken to mean that if the Dominion authorities drop their coercion bill he will undertake to settle the difficulty himself.

A Man Torn to Pieces.

HUDSON, N. Y., Feb. 25.—Charles Gardner of Smith's Landing, while standing over a rapidly revolving friction wheel in the icehouse adjusting a chain, slipped and fell into the wheel pit. He was drawn into the machinery and was torn to pieces.

REBELS DESERVE RECOGNITION.

Spain Has Sent 61 Warships, 110,000 Soldiers and 80,000 Volunteers—Still Unable to Keep Gomez Out of Sight of Havana—News of Washington.

WASHINGTON, Feb. 25.—The public

interest in the Cuban question is shown by the crowds which came to the senate galleries in anticipation of a continuance of the Cuban debate. The diplomatic

galleries showed the largest representation since the session opened, the minister of Brazil, Chile, Hawaii and several other countries being present.

Mr. Morgan of Alabama made a narrative and historical speech three hours in length and had not yet finished.

A significant vote on the resolution for an investigation of the recent
issues was taken. Mr. Lodge's resolu-

tion for an investigation came up. Mr. Peffer offered an amendment for a comprehensive inquiry. Mr. Lodge's amendment was defeated, 16 to 34.

The bill pensioning

the late Secretary Greham at \$100 monthly was passed.

The senator

reviewed the policy of the United States regarding Cuba since the late President Adams. The latter prop- posed that within 50 years Cuba would be a state of the United States, and thereafter Webster, Clay, Garrison and other statesmen uniformly

led the acquisition of Cuba by the United States.

Mr. Morgan said the atrocities of the

Spanish forces in controlling the Cubans

were almost without parallel in history.

In the last war not only had 13,000 Cubans been killed in battle, but 44,000

prisoners had been put to death.

It was a most shocking holocaust. The

senator said he had paused in wonder-

ment to think that the United States

had stood silently by at this awful

slaughter of 44,000 prisoners, instead of

moving sword in hand and driving the

Spaniard from the island.

The present war, said Mr. Morgan,

was but a renewal of the former one.

General Gomez had returned to his

command and Cisneros, the insurgent

president, returned to his task.

The United States could go no further in its

fortification without a stain on its honor.

It was the imperative duty of today to declare a state of war existing.

The great body of the native Cubans

are in favor of the insurrection, although

the bloody code of Weyler holds them

in subjection. Spain has sent to the

conflict up to this time 61 war vessels,

110,000 men and 80,000 volunteers

for garrison duty. And yet this vast

force cannot keep General Gomez from

hearing the morning and evening guns

of Havana.

A SALVATION REVOLT

Talked of by Members of the American Army.

DEPENDS ON BALLINGTON BOOTH.

If He Wishes Members Will Break Away and Make Him Leader—Bramwell Booth's Hot Talk—The Commander and Wife Quit For Good.

CHICAGO, Feb. 25.—"Everything depends on the attitude of Commander Booth. If he submits and retires, the Salvation Army will go along as before. If he concludes to remain in charge the entire army, not only in Chicago, but throughout the country will go with him," said Ensign Ludgate at the Salvationist training barracks. "We have no feeling against the army's leaders. We are not kicking against its military system as being un-American. We are well satisfied, but we want the commander."

A London special says: Bramwell Booth, when interviewed in order to secure his views upon the disturbance in the Salvation Army in the United States, said: "I do not believe that the attempt of Ballington Booth to destroy General Booth's influence and to divide the army will seriously disturb many of our people. At the time of his withdrawal Ballington Booth was listed for the command of another large territory. Eva Booth will remain in command in the United States until General Booth's return."

A New York special says: Commander Ballington Booth and Mrs. Booth last night left the national headquarters of the Salvation Army in Fourteenth street, for good. Mrs. Booth said she would send after her few remaining personal belongings, but that she herself would not return to the office. Mr. Booth said that they proposed to retire quietly, that they should turn over everything to their successors and that they should consult leading citizens to learn how best the interests of the American people may be conserved in the matter of disposing of some of the army property of which he was acting as trustee.

At a meeting preceding their departure, where representatives of the army were present, the commander affirmed that he had been dismissed, that Colonel Nicol and Commandant Herbert Booth came here with power to oust him. He gave the reasons why he had refused to go to London. There were several conditions under which he would go. They were: First, that three American brigadiers should be present at all meetings in London; second, Colonel Eadie should be at once recalled; third, that Commandant Herbert Booth should return to Toronto and remain there until Ballington's return to America; fourth, that Colonel Nicol remain here and assist Mrs. Ballington Booth in the command during his absence; fifth, that Commissioner Eva Booth should return to London.

These conditions were not accepted. The Eadie faction especially objected to the one requiring Herbert to stay in Toronto. They would not consent to the request that Commissioner Eva withdraw from America. Besides they insisted that Mrs. Ballington Booth must return to London with her husband, Ballington Booth.

The commander continued saying that he was asked to go to London to be court-martialed. This he would not submit to. He further said the statements issued by the Eadie faction were misleading to say the least. It is thought by several members of the army, who were willing to express an opinion, that Ballington and Mrs. Booth were out of the Salvation Army for good, but that they would soon be at work with many of the present army officers and privates in organizing a new army with the help of prominent Christian workers of this city.

The World says Mr. and Mrs. Booth have declined to form a new army. Their attorney predicts that there will be a new army.

A BOOM FOR SILVER.

The Price Jumping Up and the Demand Is Increasing.

NEW YORK, Feb. 25.—In the Stock Exchange silver certificates has advanced to 70 on transactions of \$40,000. The highest previous price within the past few months was 69 1/2 on Oct. 10, 1895. Authorities on silver say that the rise is legitimate and in no sense due to speculation. The largely decreased production of the white metal has naturally depleted the supplies on hand, while the low price tended to increase the demand for use in the arts.

Large sums of silver are reported by bullion brokers, one transaction being the sale of 400,000 Mexican dollars to London. One of the oldest bullion houses on the street states that heavy transactions for 30, 60 and 90 days have been made and that large future transactions have been freely made during the last three weeks, the business in that period being the heaviest noted by the firm referred to in its existence.

Ward Wins Over Freedman.

WASHINGTON, Feb. 25.—The National Baseball League board has voted unanimously in John M. Ward's favor, declaring at the same time that he had been illegally reserved for the season of 1896 by reason of the fact that he was not under contract with the New York club for the season of 1895, and did not refuse to sign a contract with said club for said season. He was therefore released from reservation.

A SALVATION REVOLT

Talked of by Members of the American Army.

DEPENDS ON BALLINGTON BOOTH.

If He Wishes Members Will Break Away and Make Him Leader—Bramwell Booth's Hot Talk—The Commander and Wife Quit For Good.

CHICAGO, Feb. 25.—"Everything depends on the attitude of Commander Booth. If he submits and retires, the Salvation Army will go along as before. If he concludes to remain in charge the entire army, not only in Chicago, but throughout the country will go with him," said Ensign Ludgate at the Salvationist training barracks. "We have no feeling against the army's leaders. We are not kicking against its military system as being un-American. We are well satisfied, but we want the commander."

A London special says: Bramwell Booth, when interviewed in order to secure his views upon the disturbance in the Salvation Army in the United States, said: "I do not believe that the attempt of Ballington Booth to destroy General Booth's influence and to divide the army will seriously disturb many of our people. At the time of his withdrawal Ballington Booth was listed for the command of another large territory. Eva Booth will remain in command in the United States until General Booth's return."

A New York special says: Commander Ballington Booth and Mrs. Booth last night left the national headquarters of the Salvation Army in Fourteenth street, for good. Mrs. Booth said she would send after her few remaining personal belongings, but that she herself would not return to the offices. Mr. Booth said that they proposed to retire quietly, that they should turn over everything to their successors and that they should consult leading citizens to learn how best the interests of the American people may be conserved in the matter of disposing of some of the army property of which he was acting as trustee.

At a meeting preceding their departure, where representatives of the army were present, the commander affirmed that he had been dismissed, that Colonel Nicol and Commandant Herbert Booth came here with power to oust him. He gave the reasons why he had refused to go to London. There were several conditions under which he would go. They were: First, that three American brigadiers should be present at all meetings in London; second, Colonel Eadie should be at once recalled; third, that Commandant Herbert Booth should return to Toronto and remain there until Ballington's return to America; fourth, that Colonel Nicol remain here and assist Mrs. Ballington Booth in the command during his absence; fifth, that Commissioner Eva Booth should return to London.

These conditions were not accepted. The Eadie faction especially objected to the one requiring Herbert to stay in Toronto. They would not consent to the request that Commissioner Eva withdraw from America. Besides they insisted that Mrs. Ballington Booth must return to London with her husband, Ballington Booth.

The commander continued saying that he was asked to go to London to be court-martialed. This he would not submit to. He further said the statements issued by the Eadie faction were misleading to say the least. It is thought by several members of the army, who were willing to express an opinion, that Ballington and Mrs. Booth were out of the Salvation Army for good, but that they would soon be at work with many of the present army officers and privates in organizing a new army with the help of prominent Christian workers of this city.

MOB WRECKS A NEWSPAPER.

First Compelled an Obnoxious South Dakota Editor to Take Cash.

MITCHELL, S. D., Feb. 25.—The entire outfit of the Mitchell Mail, paper, presses, type and other paraphernalia, has been taken into the street and publicly burned by an orderly and well behaved body of business men. The editor of the paper, Robert McBride, has for a long time been attacking various public institutions and prominent people, notably the late John D. Lawler, president of the First National bank. Several years ago McBride married Mr. Lawler's sister-in-law, the wealthy daughter of General Sturgis, U. S. A. After a few years Mrs. McBride secured a divorce and McBride then began his attacks upon the business and personal character of Mr. Lawler.

Much indignation was aroused and citizens met McBride and offered to buy out his plant if he would go elsewhere, but he refused. The citizens thereupon appointed one of their number to act as agent for McBride and then paid the money agreed on and then took the property out and destroyed it as stated.

Jefferson Crawford has secured employment at McKeepsport, and left for that place today.

TALKED IMPROVEMENTS

An Estimate of the Cost to Improve Jethro Street.

ONE RESOLUTION WAS AMENDED

Many Improvements Recommended That Are Badly Needed—Plumbers Will Have to Get Permits to Excavate the Street. A Volume of Business Transacted.

The board of improvements met last night in Clerk Hanley's office with all members present with the exception of Kent, who is out of the city.

The first business before the board was an amendment to the resolution to improve Mulberry, so that it would read, "to pave" from Pennsylvania avenue to the railroad track.

The engineer was then instructed to draw up a resolution declaring it necessary that all pavements on Sixth street, from Jefferson to Monroe streets, be laid to the proper grade.

An estimate was then given of the cost of improving Jethro street from Sixth street to the school house, by grading, paving, setting curb and laying sidewalks. The cost of such improvement was estimated at \$21,000, and as the board didn't want to recommend the expenditure of such a large sum of money without any petition, it was laid over.

The engineer was then instructed to draw up a resolution to present to council, declaring it necessary to extend the culvert over Tan Yard run, in order that the roadway on Eighth street may be widened. This is the culvert where the fatal street car accident occurred.

A resolution was then passed asking council to replace the light on Jethro street that they had moved some time ago.

Considerable discussion was had over the best manner to prevent plumbers from tearing up the streets, and the ordinance on the subject was looked up. Section 327 says that no excavations of the streets shall be made without first having a permit, and that the permit shall be returned when the work is completed. Commissioner Welsh was then ordered to see hereafter that the law was complied with, and to make complaint against anyone violating it, and let the mayor deal with them. The law also states that any citizen seeing such violation, can report same and have the offender fined.

COLONEL GYER.

He Was Here on Important Business Last Night.

What was he here for? What did he do? Why such an air of secrecy? These are questions unanswered. The colonel was here, but he pledged his subordinates, his lieutenants, to absolute secrecy, and they are as close-mouthed as clams. Rumor has it that the late election for captain was the all important subject on deck. What will the harvest be? Will the captain elect be captain for keeps? Was the election conducted on a military basis? Was there something rotten in Denmark? Has the affair been smoothly adjusted, and will John H. Simms be duly recognized as captain and bring the company up to the desired standard? Who knows? Who dares to tell?

We have it from reliable authority that Colonel Gyer did not go near the armory last night. There was a jubilee there, however, some for and some against the newly elected captain. Words and actions were indulged in, which an onlooker says were simply outrageous. Why was Colonel Gyer not present? He was in the city.

WHAT THE TRUSTEES THINK.
Views Expressed by Two Trustees in Regard to the Light Plant.

At the meeting of the water works trustees and the committee appointed by council held last Friday night to consider the light question, Mr. Metzsch said: "I am in favor of a plant upon the following conditions. That it be self supporting through its own income. The city to pay for light as at present until the plant has private consumers enough to support it. The city light bill to be reduced as the private consumers increase, and after the consumers increase enough, the city to have light free. I also favor a sinking fund to redeem the bonds when due."

Mr. Kerr said: "This thing came to me in the nature of a surprise and I have no time to give it careful consideration. I favor a conservative course and slow action until every detail of cost and liability are looked into."

Messrs. Stewart, Metzsch and Morley were then appointed to ascertain the cost of machinery to maintain a plant of a capacity of 100 arc lights with a reserve of 50 more.

The derrick erected by the bridge people seems to be an ill-fated one. This morning while hoisting a vessel of earth from the excavation over to the car, the boom of the derrick snapped in twain. A new one was immediately ordered.

SACRED CONCERT.

There Was a Light Attendance at the Grand.

There was not, by any manner of means, as large an audience present at the Grand last night as there should have been, when the fact that the proceeds were to go to charity is taken into consideration. A number of the to-be performers also disappointed the management of the affair. Professor Walters sent a letter of regret, stating that he had injured one of his fingers, Professor Gotschall was ill, and this broke the double quartet of the Young Men's Christian association. Miss L. Bessie Ashbaugh could not be present, and Miss Emma Maple did not sing.

Reverend Whitehead opened with prayer, after which Manley's band gave a selection in their usual charming manner. Miss Pearl Sebring delighted the audience with a beautiful solo. Miss Laura Nichols won an encore on the piano. Miss Edith McCord gave a recitation in superb voice and manner, and won the heartiest of applause from her well pleased audience. "Lead Kindly Light," by our townsman, Will L. Thompson, was rendered by a quartet composed of Miss Sloane, Miss Wildblood, Mr. Hasson and Mr. McLean, and the rendering won them a hearty recall. Miss McClain was called out after a splendidly executed solo, after which the Little Girls' band, led by Mills Bennett, made merry music. Miss Florence Eversen, of Wellsville, gave a solo which was warmly applauded, the listeners calling the lady before the curtain. Miss McLean, Miss Bowman, Mr. Hasson and Mr. Swan composed a quartet which met with full appreciation. The entertainment closed with a selection by Haynes band, artistically rendered.

Those in charge of affairs deserve warm commendation for their earnest work in behalf of sweet charity.

TO INSPECT THE OHIO.

The Committee Appointed Has Set the Date.

The committee appointed to inspect the Ohio river from Pittsburgh to Cincinnati, will leave Washington March 15, via the Baltimore and Ohio line. From Fairchance the committee will go over to Morgantown, the head of navigation, on the Monongahela. There a steamer will be taken to Pittsburgh, where a banquet will be spread on Monday night. The Virginians will take the committee and prominent rivermen and citizens down the river to Wheeling by daylight, where a banquet will be tendered the visitors on Tuesday evening. Continuing down the river a third banquet will be given at Parkersburg. It is not yet decided whether the committee will go through to Cincinnati. It is to be hoped that this city will see the advantage of river improvements and invite the committee to spend a short time here.

A Des Moines woman who has been troubled with frequent colds, concluded to try an old remedy in a new way, and accordingly took a tablespoonful (four times the usual dose) of Chamberlain's Cough remedy just before going to bed. The next morning she found that her cold had almost entirely disappeared. During the day she took a few doses of the remedy (one teaspoonful at a time) and at night again took a tablespoonful before going to bed, and on the following morning awoke free from all symptoms of the cold. Since then she has, on several occasions, used this remedy in like manner, with the same good results, and is much elated over her discovery of so quick a way of curing a cold. For sale by A. H. Bulger, druggist.

TALKED TO BANKERS.

Secretary Carlisle at a Conference In New York.

OUND MONEY CAMPAIGN PLANS

Under Discussion—Another Conference to Be Held Tomorrow Afternoon—The Secretary Says the Business Outlook Is Greatly Improved—A Banquet Given.

NEW YORK, Feb. 25.—Secretary Carlisle has held a conference at the Fifth Avenue hotel with some New York bankers.

Those present were: Louis Wimberger, Isaac Straus, president, G. G. Williams, of the Chemical National bank; President John P. Townsend of the Bowery Savings bank; Charles Stuart Smith and Gustav H. Schwab, Henry Hentz, J. Kennedy Tod and Henry W. Cannon of the Chase National bank.

At the conclusion of the conference it was stated that only the members of the sound currency committee of the chamber of commerce had been invited to meet the secretary.

Gustav H. Schwab said that the time had been devoted to a general exchange concerning the financial situation and the best methods of carrying on the sound money campaign.

Mr. Schwab added that the only definite outcome of the conference was that it was decided to call a special meeting of the sound currency committee of the number to be held at 2:30 tomorrow afternoon.

Henry Hentz, chairman of the full financial committee of the chamber of commerce, said: "The object of the conference was to discuss the best means of keeping the gold reserve intact, to receive suggestions which might be made respecting a policy to restore business confidence and also to talk over the silver question. Further than that I can say nothing."

From other sources it was learned that views on the money outlook were interchanged. Secretary Carlisle inquired with much interest as to prospective shipments of gold. He was told that no heavy shipments to Europe were expected.

Secretary Carlisle, in a short talk said, that he believed that both political parties would adopt "sound currency" planks in their platforms; he was confident that this course would be followed by the Democrats. He said that reports from all sections, showed that the movement for "sound money" was gaining in popular favor.

The late popular loan, he added, was fine evidence of confidence. Gold had been brought forth from hiding places, as was shown by the offer of gold coined at Dahlonega, Ga., a mint long ago closed.

He complimented the chamber of commerce for its energetic work. The outlook for business, he said, had greatly improved. With good crops for the coming season and a strong, united movement for "sound currency" business prosperity would be assured.

Secretary Carlisle was the guest of honor at a dinner given by G. C. Baldwin at the Metropolitan club last night. A reception to which 500 invitations have been issued will be given at the Manhattan club tonight.

TALKED IMPROVEMENTS

An Estimate of the Cost to Improve Jethro Street.

ONE RESOLUTION WAS AMENDED

Many Improvements Recommended That Are Badly Needed—Plumbers Will Have to Get Permits to Excavate the Street. A Volume of Business Transacted.
